

SNOWTRAC 3

VREDESTEIN'S BEST EVER WINTER TYRE

FEATURES

- Intelligent tread with innovative, stepped circumferential groove
- Tapered diagonal grooves
- Groove in groove to separate shoulder blocks
- Optimum Silica & Polymer Processing (OS&PP) tread compound
- Round footprint
- Variable groove depth ensures perfect pressure distribution across the footprint
- Centre Shift System®; ingenious shifting of right and left tread parts in relation to the centre of the tyre

BENEFITS

- Full tyre width used for premium grip in winter conditions
- Excellent self-cleaning of snow and slush
- Balanced wear pattern results in consistent performance
- Excellent winter performance and maximum grip on wet and dry roads
- Maximum water dispersal
- Excellent handling
- Low noise production in compliance with all European regulations
