

ULTRAC CENTO

STYLISH AND QUIET LIGHTWEIGHT SUMMER TYRE

FEATURES

- Minimalist, stylish profile developed by Giugiaro Design
- Directional profile with four longitudinal grooves
- High Silica tread compound
- Optimized tyre construction with a more shallow shoulder profile
- SW designation on the sidewall of the tyre

BENEFITS

- Hatching in the two central longitudinal grooves accentuates the streamlined design
- Fast and even water dispersal, minimising the risk of aquaplaning
- Good braking characteristics
- Outstanding grip on wet roads
- Completely PCA-free and environmentally friendly
- Very comfortable and quiet to drive
- Long life
- Low rolling resistance
- Complies with the European standards for noise and wet grip from 2012
